

# Final Exam

# **Final Exam format**

120 minutes of writing time

120 points, 8 questions

# Final Exam logistics

## Use of Exemplify

- Your laptop will be internet-locked during the exam

## Open book

- You can refer to written notes, or notes on your examination laptop (copy and paste is disabled)
- You *cannot* refer to notes on a second electronic device

# Questions and coverage

Question numbers are illustrative only

**Q1(24 points):** Write about a topic in Round 1 (or 2) that you did not present on.

- Your take on the topic
- Don't write an appraisal of the presenting team's work!

**Q2(24 points):** Discuss a given general theme, employing knowledge from several topics.

**Q3-Q8 (72 points total):**

- Similar to “key questions” found in each lecture

*FIG*

8. Manpower and migration

~~9. Productivity and innovation~~  
*BEC*

10. Energy and climate change

11. Coping with the Covid-19 shock

# Notes on writing the exam

Take a few minutes to plan out your writing so that it is well-organized

No need for background, get straight into answering the question

Good to use available hard information (e.g. “Gini is 0.43”, rather than “Gini is low”)

No need to use citation style, but mention the source
